INDIAN CREEK COUNTRY CLUB

ICCC Board Of Directors:

Patrick Sheets

Larry Pohlman

Doug Coopriider

Dick Olinger

Dave Minnick

Mike Ellingson

Sherry Newsome

Dave Rebarcak

Tom Wilson

Greetings and salutations to all members as we enter the 2nd month of the year. It is a well known fact that we have two weeks left on our New Year's resolutions, so keep 'em until that time. It was once stated that New Year's resolutions last about 6 weeks on the average.

The question on everyone's mind is how the equity drive is coming along. Well, the pledges are amounting to about 40 percent of our goal!! That is such a fantastic figure at this stage of the drive. What we are hearing though, is that a lot of people are waiting to see what is going happen. What is going to happen is happening right now as you read this newsletter.

As with any drive associated with giving money, we are constantly in motion to find ways to inspire people to pledge. The due date is coming up (March 1st) and the strategic business plan that was asked for has been formulated, dues have been set, a newspaper article has been submitted, and now comes time for the pledge goal to be achieved.

We have raised 40 percent as of the writing of the newsletter, now it is time to hit the homestretch and pledge the remaining amount. We are asking the members and community to consider their options to support the course so that we may be open on April 1st for the New Membership Drive and opening day for golf!!

There will be an open meeting to the community and members in February to help with the campaign. Soup will be served and we hope that we show everyone in Nevada that the course is headed in the right direction and that it is a sound investment. Also, there will be Board meetings throughout the month that the membership is encouraged to attend.

The thing that we need to do now is make that decision to give. To make up the remainder of the needed amount we need people who are on the fence, those that are trying to decide what to do, to make that decision and give. As Patrick Sheets said at the membership meeting, it may be a little "painful", but we need to have a course on April 1st. We have one month to achieve the remaining 60 percent, so now is the time.

There are several ways to pledge.

- 1) Visit the clubhouse and pick up a pledge form.
- 2) Visit State Bank to discuss loan options.
- 3) Visit with Patrick Sheets or Dick Olinger ASAP.

Whatever option you choose it needs to be done now. We have a solid/sound business plan and everyone wants to be able to swing clubs come April 1st. It just, plain and simple, needs to happen this way for us to continue as a golf course. We have a rich tradition and a wonderful history. This is the crossroads - let's make this investment and open the 2008 season with pride. We need to be out on the course cussing at our poorly struck shots, missed putts, our partner's failures, money lost in our bingo-bango-bongo games, or struggle in disbelief because we hit 20 perfect shots on the driving range then promptly shoot the worst score on the golf course immediately afterwards. None of us wants to imagine a summer season without ICCC!!

The time has come, folks. The time has come where we need to pledge right now for us to continue on!!

This could be the greatest year of Tiger's career the way it is starting. All questions must be answered for this month's trivia questions.

- 1) What is Tiger's first name?
- 2) At two-years old Tiger appeared on what TV show?
- 3) How old was Tiger when he made his PGA Tour debut?
- 4) Where is Tiger's mother from?
